

Letter from Glenn H. Curtiss to Mauro, Cameron, Lewis & Massie, December 10, 1914

The Curtiss FLYING BOAT CABLE ADDRESS "CURTISAERO" HAMMONDSPORT
WESTERN UNION CODE Hammondsport, N. Y., Dec. 10, 1914. Messrs. Mauro,
Cameron, Lewis & Massie, Washington, D. C. Gentlemen:—

Upon reaching Hammondsport I find your several letters and also your telegram of to-day.

I expect to be here or at Buffalo and can come to Washington at almost any time if necessary. We have a number of photographs and drawings of the old June Bug, but the machine itself was destroyed a long time ago. I am surprised to learn that Myers is still making trouble.

Very truly yours, GH Curtiss GHC:M
